AC095 EMPRESS READING GLASS (AC095)

Product description

Conversation has had its prescribed etiquette. During the late Victorian era and into the Belle Époque one's monocle served to intimidate and disadvantage. A houseguest who overstayed his welcome... an unwelcome suitor to a favorite daughter? Now a tool of study and fun, be it to study the lines on your palm, a picture, fingerprints, small print? A gift with excellent provenance, an accessory that delivers. The magnifying glass telescopes up and down. It angles by adjusting a clever ball-joint. Solid brass with duotone bronze finish, this is a must-have for any desk M. 9.3 x 3.1 x 8.1" | M. 23.5 x 8 x 20.5cm,
