## Index of topographic maps 1:20 000 (INDEX 1:20 000)

---

### Product description

---

To obtain the index of the 1:20 000 topographical maps of Quebec province, send us an email using the contact form in the section "CONTACT US" and we'll send you the KMZ file that corresponds.

The KMZ files are compatible with Google Earth.

Open the file in Google Earth and you can search with different coordinate systems\*, a lake name, an address, a town and much more. Click on the desired map and you'll be sent directly to the right page on our web site to buy the map you want.

If you need assistance using the index, contact us and we'll be happy to help you.

□

\*To change the coordinate system in Google Earth, go in the tool menu at the top of the screen and choose "option". There you can change from latitude/longitude to UTM and so on.
