ROAD ATLAS : ITALY - MICHELIN (9782067236172)

Product description

This excellent road atlas by Michelin is very user-friendly thanks to the spiral binding. In addition to the clear and accurate maps, this atlas gives you a good overview of your journey thanks to the scale of 1:300,000. Both the route planner and the time-distance tables help you plan and optimise your journey. Michelin's new safety warnings warn you of dangerous driving zones and zones that are subject to stricter speed controls. The atlas also includes city maps with QR codes that link to your smartphone for easy navigation in urban areas. References to the Green Guide make it easy to find additional information about tourist attractions, leisure facilities, scenic routes and service areas.
