ALGONQUIN 1: NORD (9780929140131)

Description du produit

Conçue pour les aventurier - compacte et imperméable - bourrée d'information - chaque carte est originale

Formally at 1:80,000 scale, this new version has been Super-Sized up to 1:65,000 scale, meaning features are larger and easier than ever to read. It is ideal for paddling the popular canoe routes north of the Highway 60 corridor.

In addition to extra-ordinary terrain and vegetation detail, this map features campsites, portages, access points, hiking trails, facilities like campgrounds, telephones, historic sites and many more attractions. Trails and portages have also been GPS'd over the past few years for greater accuracy than ever before.

This map covers the area from Opeongo Lake and the Visitor Centre in the east to the park boundary in the west and from the Tim River and Lake La Muir in the north to Ragged and Whitefish Lakes in the south. It also shows the Highway 60 corridor and all features along the way. Waterproof.

This map overlaps with our popular ☐ Algonquin 3-Corridor South (also ☐ Super-sized), ☐ Algonquin 2-Northwest ☐ and ☐ Algonquin 4-Central North ☐ maps. Also consider our smaller size, larger-scale, more detailed Algonquin "Daytripper" Maps of smaller, more detailed areas (Canoe Lake, ☐ Opeongo Lake, ☐ Oxtongue River, ☐ Bonnechere River ☐ and ☐ Barron-Achray) suitable for short trips of a week or less.
